**Contact person:** Mr. Marius Enache, Official Representative of the NEM Romanian Mirror Group,  
**E-mail:** [marius.enache@nem-pt.ro](mailto:marius.enache@nem-pt.ro)

**Objective** ICT-2007.1.5: Networked Media

**NEM Cluster:** GlobalNEM

**Target outcome:** Roadmapping and conference support, for co-ordination with related national or regional programmes or initiatives, for international standardization and interoperability initiatives.

**Funding schemes:** CSA

**Proposal name:** NEM Mirror Groups collaborative framework

**Acronym:** NEM-CF

**Abstract:**

The project supports the creation and development of the NEM National Mirror Groups collaborative framework, which will allow:

- roadmapping for convergence of NEM areas across the EU;
- co-ordination with related National R&D Programmes, implementation of NEM Strategic Research Agenda, elaboration and implementation of National Strategic Research Agendas, projects and initiatives;
- achieve alignment between the National R&D Strategies of the members states and the NEM Strategic Research Agenda;
- making easier the creation of ad-hoc consortia for projects development;
- enhancing NEM members' capacity to develop projects related to financing opportunities (other than FP7, such as: National R&D Programmes, CIP Programme, EU Structural Instruments, eTEN, Safer Internet Plus, bilateral / regional programmes, etc.).

NEM National Mirror Groups collaborative framework will be created and developed through the following activities:

- dissemination of NEM vision and NEM Strategic Research Agenda;
- identification of activities, projects and initiatives being worked or launched across the EU;
- mutual support (between National Mirror Groups) in elaboration and dissemination of the National Strategic Research Agendas;
- mutual dissemination of national R&D programmes;
- mutual information about NEM members profile and their Expressions of Interest;
- roadmapping;
- developing suitable website.

Also, the "NEM National Mirror Groups collaborative framework" project could be supported by some "experts' mobility" projects financed by European programme "Leonardo" (developed in partnership).

**Expected outcomes:** roadmap, seminars, conferences, workshops, brochures and Website.

**Keywords:** roadmapping, convergence, co-ordination, enhancing partnerships, dissemination, mutual support and information,

**Partner Profile Sought:**

Required skills and expertise:

- Representatives of the NEM National Mirror Groups;
- NEM members of EU and associates states;
- Project coordinator with relevant and proved experience in project management within European framework programmes (FP5, FP6).

Description of work to be carried out by the partner(s) sought:

- Organizing activities (seminars, conferences, workshops) in their states.
- Project management.

Website development will be subcontracted.
